

NAGOYA INTERNATIONAL CHRISTIAN ASSEMBLY

Our church is here.... Somewhere!

Thousands SHOWED UP FOR THE MARCH FOR JESUS IN OUR CITY OF NAGOYA. MOST OF THESE PEOPLE ARE BRAZILIANS..NOT Japanese! The Brazilians can get Japanese visas easily...

OUR SON, Lyle, with Jette, flew from ZAMBIA, to minister to the church. Great To see Lyle preaching the Word with anointing! Their 4 girls could not come...

MIRACLE BABY! Fred (Uganda), & Sakae's brand new baby needed a serious operation at one week old. She could not eat. After prayers and fastings...the doctors were amazed, but many tests showed the baby **100% HEALED!** HALLELUJAH!

JAPAN is Ready for REVIVAL !!

SOME joyful faces in our recent water Baptism of eight people....4 young people are half Japanese/Filipino.

MEET LUZMINDA & AKANE !!!
LUZ was the FIRST person we ever baptized in our church...Her daughter was the FIRST BABY dedicated, and NOW, she is being baptized. BOTH OF THEM BARELY UNDERSTAND ENGLISH!!!!

Love + Thankyou! Gary + Carol Hill

PASTORS Rev. GARY and CAROL HALL

MAY - June 2011

Dear Friends: *Pastor Larry + friends at New Horizons =*

A quick greeting, as summer is finally approaching Japan. This nation still has enormous struggles; thousands of people still homeless and jobless, and the nuclear problems seem to get more and more complex. Thousands had to evacuate undamaged homes, but radiation forced them to flee. Somehow, they are dealing with it..Japanese government going broke.

GOOD NEWS! We have seen videos of the pastors in the disaster area, weeping in prayer together, (not the usual thing here) and we believe a great revival will break out there. Many have accepted Christ already....though there are very few churches in that part of Japan, several were swept away... One whole church building was completely swept away by the tsunami as people watched..... only the pillar with a cross on it stood straight and tall.....They have strong prayer meetings among the wreckage.....They meet with the people & give them supplies and pray for them and tell them about Jesus. Some have gotten healed immediately!

PICTURE PAGE: We had a wonderful water baptism with 4 young people included! The others came out of working in the night clubs. Gary teaches them for 3 months before. They must learn many verses of Scripture and fully understand the meaning. I realize many churches in USA give instant baptism, but it just doesn't work here. The baptism service is full of joy and freedom however!!! Several Japanese come as curious visitors, and it always touches them, to see the joy and hear the testimonies.

THANK YOU to some of you who sent finances to help the people in the earth-quake areas. We have it set aside for some pastors who are doing a fantastic job of evangelism and practical helps, and praying with people. We could just spend it on food and supplies, but we felt it best to include the GOSPEL & help. If you want, we can send you a video over the E mail to see the pastors praying and helping. Just e mail us.

BABY HEALED....LADY WALKED! Two wonderful miracles just happened!!! (See picture page) These events have affected everyone with more faith. The lady started walking this Sunday evening after prayer meeting...She could not walk ONE STEP before, but she walked down the stairs after prayer! And the baby who was healed affected the doctors A LOT! They took x-rays for 3 days to find the tumour, but it was GONE! Jesus get ALL the GLORY for it!

MARRIED FOR 50 YEARS, this JULY!!! *This summer we will meet with ALL our children and grandchildren...(9) VERY RARE THING!! It doesn't not FEEL like 50 years. We will visit Juneau, Alaska for 3 days, where we met and married (Carol was working in an orphanage, & Gary came to work there on summer break from Bethany Bible College....alot of great memories)*

THANK YOU SO MUCH for your friendship, finances, and mostly... Prayers & Intercession in the Name of Jesus. These things have kept us going strong here all these years, and we're not stopping yet!!!!

We look forward to seeing you in July! Gary + Carol
